PROFESSIONAL SUMMARY

Frontend Developer with experience building responsive and scalable web applications using React, Next.js, TypeScript, and Tailwind CSS. Experienced in developing user-friendly interfaces, integrating REST APIs, implementing authentication, and collaborating with backend services using Node.js and PostgreSQL. Passionate about writing clean, maintainable code and continuously learning new technologies.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js (App Router), Tailwind CSS, Responsive Web Design

Backend: Node.js, Express.js, REST API Development

Database: PostgreSQL, Prisma ORM

Tools & Technologies: Git & GitHub, VS Code, Figma, npm

Other: JWT Authentication, Context API, API Integration, CRUD Operations, Responsive UI Development

EXPERIENCE

Frontend Developer Intern - Fishtail InfoSolutions Pvt. Ltd. (Jan – Apr 2026)

- Developed responsive web applications using React, Next.js, and Tailwind CSS.
- Built reusable UI components to improve development efficiency.
- Integrated REST APIs for dynamic data rendering.
- Collaborated with backend developers to implement new features.
- Worked with Git for version control and team collaboration.
- Optimized application performance and responsiveness across devices.
- Participated in debugging, testing, and code reviews.

PROJECTS

Tithi App - Nepali Calendar & Reminder System

Tech Stack: Next.js, TypeScript, Tailwind CSS, Node.js, PostgreSQL, Prisma

- Built a Nepali calendar application supporting Bikram Sambat dates and Nepali tithi.
- Implemented reminder functionality for dates, weekdays, and lunar tithis.
- Designed responsive interfaces with modern UI/UX principles.
- Integrated Nepali calendar libraries and custom reminder logic.
- Developed authentication and reminder management features.

Fire Brigade Emergency Response System (Final Year Project)

Tech Stack: Next.js, Node.js, Express.js, PostgreSQL, Prisma, Socket.IO, Leaflet

- Developed a real time emergency reporting platform for fire incidents.
- Implemented GPS based incident reporting with interactive maps.
- Built role-based authentication for users, firefighters, and administrators.
- Integrated real time updates using Socket.IO.
- Managed backend APIs and PostgreSQL database using Prisma ORM.

EDUCATION

Bachelor in Computer Science And Information Technology

Expected December 2026

Mount Annapurna Campus, Pokhara, Nepal

SOFT SKILLS

Problem Solving • Team Collaboration • Communication • Time Management • Adaptability • Attention to Detail • Continuous Learning

LANGUAGES

English • Nepali
